

Fastmarkets

Fastmarkets Dashboard User Guide Long-term forecasts 30th Jan 2023

INTRODUCTION

Fastmarkets' battery raw materials long-term forecast content is published quarterly and provides prices, forecasts and 10-year outlooks for key battery materials that you can rely on to reflect supply and demand conditions now and for the future.

The Dashboard Reports Library is where you can find the latest issues for the Fastmarkets' battery raw materials long-term forecast publications within your subscription

- View and download one or all documents for the latest issue
- Receive email alerts to your inbox notifying you when the latest issue is available
- Access all content from Fastmarkets in one place; create custom workspaces with prices and/or news alongside your Long-term Forecast content (*please note, this will depend on your Fastmarkets subscription*)

ACCESS LONG-TERM FORECAST CONTENT IN THE DASHBOARD REPORTS LIBRARY

After setting your password from the Fastmarkets welcome email you receive, login to the Dashboard to access the content:

Click on the **View all documents** link to download all to a zip file or individually. Depending on your browser they may appear in the top right or bottom of your screen. You can also find them in your Windows Explorer downloads folder.

RECEIVE AND MANAGE EMAIL ALERTS

By default you will be subscribed to receive email alerts when each new issue is published. This is denoted by the purple bell icon. Should you wish to no longer receive these alerts, simply click on the bell. It will then be coloured grey to denote you are unsubscribed.

When the latest issue is available you will now receive an email alert from Fastmarkets Alert Service - <u>alerts@notify.fastmarkets.com</u> with a link to download the issue from the Fastmarkets Dashboard.

Please ensure you add this address to your safe senders list in your email application to make sure you do not miss out on the next issue.

Click the Access this issue button to login to the Dashboard Reports Library to access the documents.
