

TOP TIPS FOR SUBMISSIONS

Fastmarkets Volta Awards 2024

June 25 | Red Rock Casino & Spa, Las Vegas

CHOOSE THE RIGHT CATEGORY

1

Don't just submit – make it count! Explore the categories and descriptions and make sure you enter your submission for the right award. If you're unsure, email us at: conferences@fastmarkets.com.

And remember, there's no limit – enter as many categories as you want. Just make sure each entry is finely tuned for that particular award!

READ THE ENTRY QUESTIONS

2

Each category has different criteria that judges look for, so please take care with each entry. You'll find the criteria in the [category descriptions](#).

PROVIDE ENOUGH EVIDENCE

3

Make sure to include plenty of quantitative and qualitative data. Fact and figures, quotes, analytics, case studies and testimonials will all support your submission. And look outside your organisation as well as internally for your testimonials.

TAKE YOUR TIME & GET APPROVAL

4

Craft your submission thoughtfully – our judges evaluate solely based on the information you provide. They have many entries to review, so make yours stand out by being succinct, clear and impactful. Start now and return later, or submit and refine until the deadline.

Remember, submissions are limited to your own business or represented companies with their approval.

SUPPORTING MATERIALS

5

Create a stronger submission with compelling supporting materials. You can share two additional files through URLs, including press releases, testimonials, articles, videos, certifications, accreditations, photos, or any statistical or qualitative data. Elevate your entry with a well-rounded narrative and impactful evidence.
